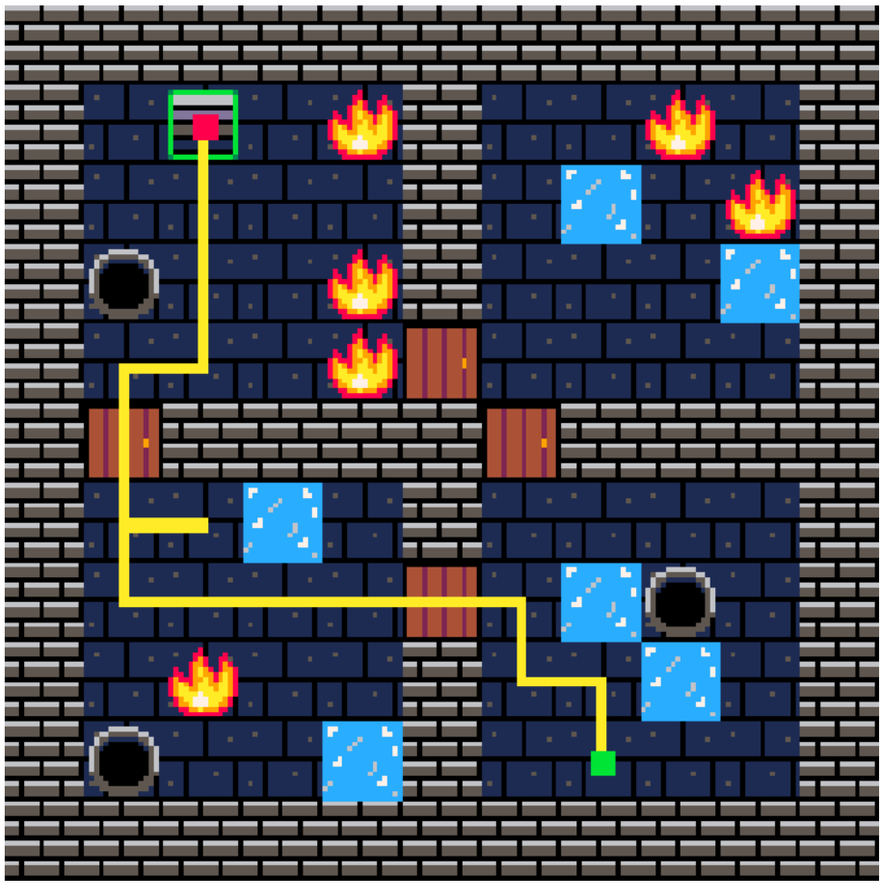
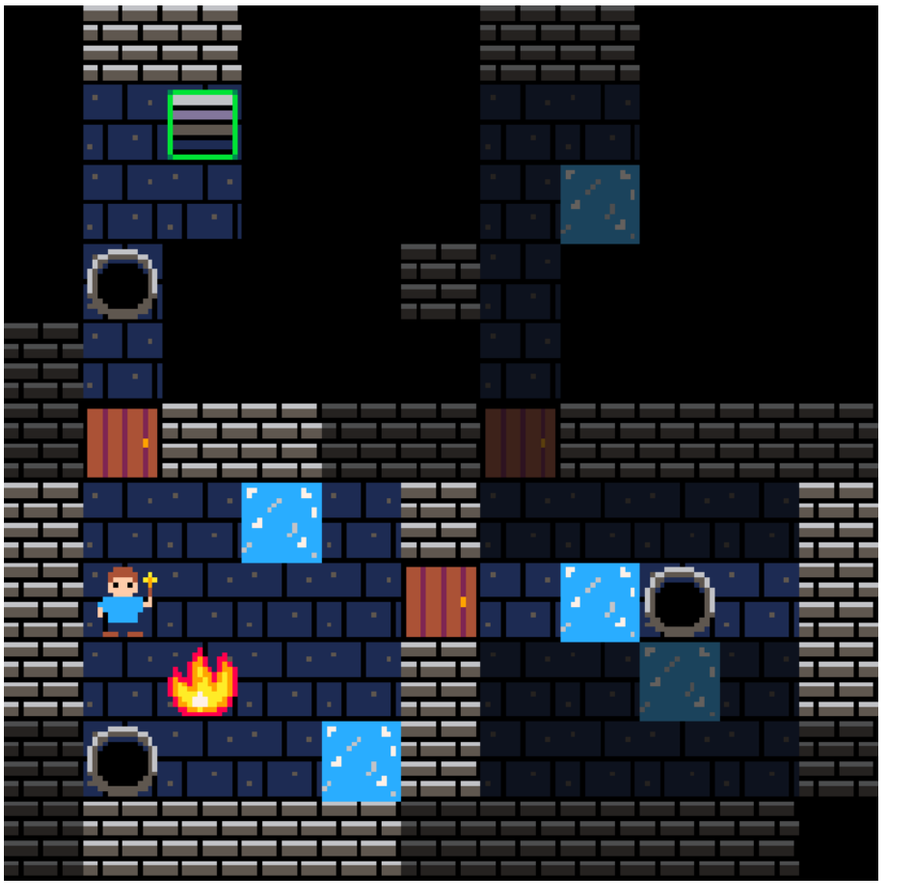
The level, never shown whole: Qwen3.5-27B's path, 17 moves (shortest 15)



Turn 8: in view (lit), seen before (dimmed), never seen (dark)



door

fire: −1 life per turn

pit: death

ice: may slide 1 more

exit

the player

What the LLM reads at turn 8

```
You moved left.
Lives: 3 of 3. Torch: 32 turns left.
You see:
Up: an empty cell, a door, an empty cell, a pit, 2 empty cells, then a wall.
Down: an empty cell, a pit, then a wall.
Left: a wall.
Right: 3 empty cells, a door, an empty cell, an ice cell, a pit, an empty
  cell, then a wall.
Also in view: a fire cell 1 down and 1 right; an ice cell 1 up and 2 right; an
  ice cell 2 down and 3 right; the exit 6 up and 1 right.
The other cells in view are empty cells or walls.
Which way do you move? Answer with one word: up, down, left or right.
```

Its move: up (P: up 1.00, down 0.00, left 0.00, right 0.00)
